

TURBO DYNAMICS

Where Quality Is Without Compromise

Turbo Dynamics announce the official release of the revolutionary Turbosmart CompGate40

Turbosmart's brand new 40mm external wastegate has been designed to fit into tight engine bays while still offering superior flow and heat handling capabilities. The new actuator housing is 25% smaller than the current range and allows for easy spring changes. It also gives the ability to index the cap orientation in 12 different positions.

Its key features are its' unique actuator housing design utilising a screw-on locking collar, optimal flow path through the body, only 99mm tall, excellent heat handling characteristics, one-piece, coated, stainless steel valve available in Blue or Black.

The CompGate40 comes supplied with a 7PSI Spring (installed), inlet and outlet Weld Flanges, inlet and outlet V-Band clamps, valve seat, 2 x 1/16th blanking plugs, 2 x 1/16th Vacuum nipples, Collar removal tool.

Available now!

Retail Price: £295.00
